Vari-Lite Windows by Hy-Lite®

**HY-LITE
US BLOCK**
Your Privacy Window Solution

A view when you want it. Privacy when you need it.

Tilt open.

Tilt closed.

Partially raise.

Enjoy the view.

For over 30 years, Hy-Lite® has perfected the art of bringing decorative privacy and natural light into homes.

With **Vari-Lite**, we're adding another dimension: **A view.**

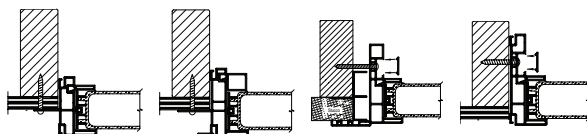

Let the sun shine in full force or tilt the blinds to reduce the rays. Because the blinds are securely encased in the glass unit, there are no cleaning hassles with the blinds or the possibility of them getting tangled.

Raising, lowering, and tilting the blinds is an effortless way to put privacy control at your fingertips.

Vari-Lite windows by Hy-Lite® provide virtually unlimited variations of privacy, light, and a clear view.

Cordless blinds encased in tempered safety glass help Vari-Lite windows create a safer environment for children and pets.

Choose from a variety of vinyl frames:

Vinyl with
nail fin

Vinyl with
nail fin and
J-channel

Flush flange

Box frame

Choose from four designer frame colors:
